## Hobbies & Interests

I have been involved with the boy scouts of America for about 13 years. I attained my Eagle in September of 2017.

I am interested in gaming and the internet because it helps bring together all the people in my life who I would not be able to interact with otherwise.

I collect vinyls, not because I think they necessarily sound better, but because I like to have the physical music, support the artist, and the album cool art.
